Public policy and rural development in Latin America (PP – AL network)

<https://www.pp-al.org/es>

<https://www.pp-al.org/en>

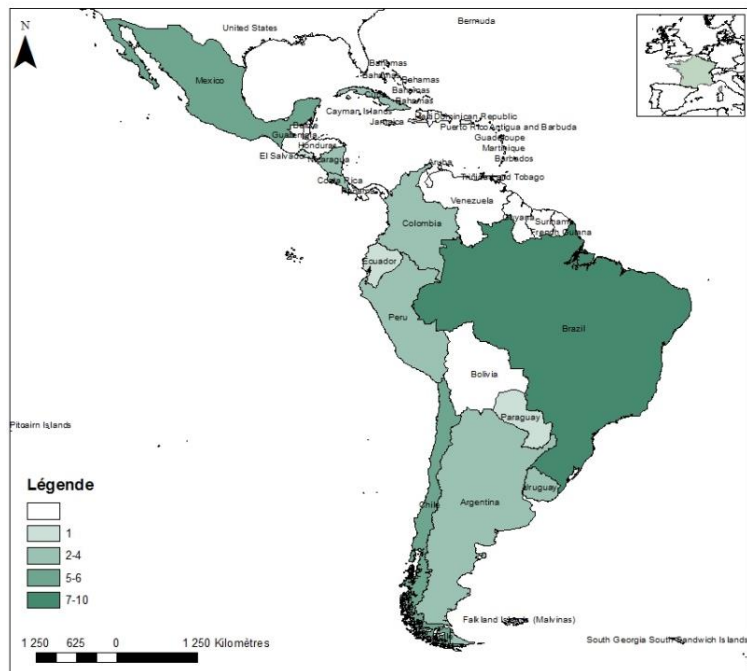

Objective

- Analyze and compare process of design and implementation of public policies and their effects on rural area in Latin American countries

Partners

- **More than 100 researchers**
- **Various discipline in social science** (economy, geography, sociology, policy science,...)
- **De 40 institutions**
 - Universities
 - Regional cooperation organizations (Cepal, IICA, FAO)
 - National and international research center (Inta, Ciat,...)
- **In 14 LAC countries**

Research question y investigación axes

- **Main question**

What are the transformation and effect of public action and Agricultural, environmental and rural development policy in Latin America?

- **Research axes :**

- **Recomposition of the role of state and public/private partnerships**
- **Territorialization of public action and multi level governance**
- **circulation, transferences, y regionalization of policy**
- **Evaluation of public policy and their instruments**

RED POLÍTICAS PÚBLICAS
Y DESARROLLO RURAL EN
AMÉRICA LATINA

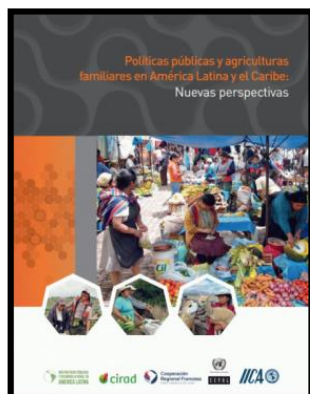

Topic of application

- **Agricultural and food security policy**
- **Territorial policy and rural development policy**
- **Environmental and climate change policy**
- **Cooperation policy**
- **Innovation, research and extension policy**

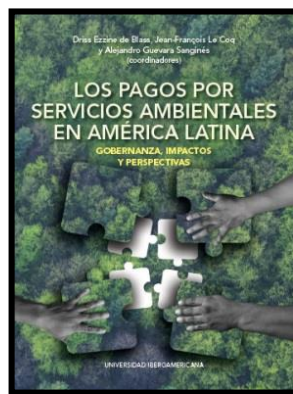

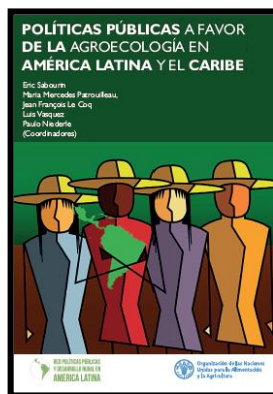

**Collective research (based on resources from partners)
(Case studies and regional s ntesis
→ A edited book every two years**

Comité de coordinación

- **Pedro Arbeletche** (Udelar-Fagro, Uruguay)
- **Héctor Ávila** (CRIM-UNAM, México)
- **Catia Grisa** (UFRGS, Brazil)
- **Byron Miranda** (IICA, Costa Rica)
- **Octavio Sotomayor** (Cepal, Chile)
- **Fernando Saenz** (CINPE-UNA, Costa Rica)
- **Doris Sayago** (UnB-CDS, Brazil)
- **Mercedes Patrouilleau** (INTA, Argentina)
- **Sergio Pera Leite** (UFRRJ, Brazil)
- **Abigail Fallot** (Cirad, Montpellier) – relation with Montpellier
- **Jean-Francois Le Coq** (Cirad -Ciat, Colombia) - secretary

Proyectos 2020

- **Transición Agroecológica y seguridad alimentaria (TAFS)**
 - Evaluar los efectos Agroecologia productores (trabajo)
- **Innovación para Agroecologia y bioeconomia en Colombia (2021 – 2023) [Desira]**
- **Agroecologia y cambio climático [CO, PER, ECU]**
 - Estado del arte,
 - Upscaling de Agroecologia

Lessons learned

- **Simple governance structure**
- **Articulation between collective scientific will / interests and project funding**
- **Flexible coordination**
- **Project / product management thinking**
- **Collaboration logic (pooling resources)**
- **Human factors (trust, long term commitment, ability to take advantage of project ...)**
